Dear Maria,

I wish to commend you on the excellent resource that you have created: "Federation: Inclusion and Exclusion". Several of our teaching staff have also made encouraging comments. This school has made good use of this wonderful set of teaching and learning activities.

To me, the outstanding features of this resource are:

- the quality of primary source material that is part of the kit
- the broad selection of curriculum-linked teaching and learning activities
- the user-friendly nature of the resource
- the depth of research involved in its creation
- the provision of class sets of primary source material
- the accompanying video is a great teaching aid

Well done! ... and keep up the good work. I look forward to your next contribution!

Kind regards,

Don Leys
Principal
